

Are you tired of the revolving door for patients with opioid use disorder?

Learn how you can effectively address during this no cost education opportunity.

VIRTUAL TRAINING

Emergency Department MOUD and Rapid Referral Implementation II

February 3, 2022 from 8:30am – 5:00pm

February 4, 2022 from 8:30am – 3:00pm

Treatment / Connection / Culture

Attendees will learn about implementing Medication for Opioid Use Disorders within Emergency Department settings through national experts from the California Bridge Project and Michigan Opioid Project

- Gain inspiration and tools for program implementation
- Learn how to identify and retain program champions and get a program off the ground
- Discussing lessons learned from programs in Montana and across the country.
- Understand the importance of the language we use and a history of the war on drugs as it contributes to stigma and discrimination with this population
- About Buprenorphine – Why and How
- What about Fentanyl

AGENDA INCLUDES:

- Learn about what makes a successful program
- Bridge Model 101 and strategies for sustainability
- Facing Barriers to implementation
- Staff roles in MOUD/MAT implementation
- Harm reduction strategies, community outreach
- MOUD/MAT and Telehealth in Montana
- Team Planning Time with experts
- Case presentations
